

1st KANSAI Nanoscience and Nanotechnology International Symposium

9th Handai Nanoscience and Nanotechnology International Symposium
12th SANKEN Nanotechnology Symposium

NANO TECHNOLOGY

Date : February 3-4, 2014

Location :
Senri Life Science Center,
Osaka, Japan

Cutting Edge of Nanoscience and Nanotechnology in Green Innovation and Life Innovation

Important Dates

Abstract submission : December 31, 2013

Registration : January 27, 2014

Organized by

- Future Research Initiative Group Project Support, Osaka University
“Osaka University Nano Science Technology Alliance”
- Nanoscience and Nanotechnology Center, The Institute of Scientific and Industrial Research, Osaka University

Co-organized by

- Kansai Nanotechnology Network
- Osaka Prefecture University
- Osaka Green-Nano Consortium
- National Institute of Advanced Industrial Science and Technology Kansai
- Institute for Nanoscience Design, Osaka University
- Future Research Initiative Group Project Support, Osaka University “Green Nano Material ‘making things’ Initiative”
- Future Research Initiative Group Project Support, Osaka University “New Chemical Element Strategy for Design of Computer Nano Materials”
- Program for Leading Graduate Schools, “Interactive Materials Science CADET”
- Nanotechnology Open Facilities, Osaka University
